

## Programme

---

### **Designing for Resilience and lessons for recovery – why you should attend, so that you can:**

- **Understand resilience and resilient landscape architecture** – what is it, what does it mean for design and what it means for your business.
- **Understand how natural disasters might affect you and what you design**– what do disasters do, what are their impacts on the community and what does it mean for what landscape architects do and their role of design.

### **Venue: Lincoln University School of Landscape Architecture**

## **Thursday 28<sup>th</sup> June**
